Your legacy.

Lasting  
opportunities.

“I established this fund to celebrate the excellent UMaine undergraduate education I received. I had opportunities in my work-life to travel around the country and the world. Those travel opportunities taught me about the places I visited and I also discovered what made Maine a special place for me. I am very happy that my fund helps UMaine students travel as part of their undergraduate education, something I wasn't able to do.”

# the future.

**Education is changing in America.** Not only are 85% of students attending public colleges and universities, those students are following more targeted educational paths to give them an edge in a competitive working world.

Students at the University of Maine are no different, and while general financial support helps, more and more students are benefiting from direct donations to specific programs.

It's the difference between taking a music class, and being able to participate in intensive music workshops lead by professional musicians. Or, studying agriculture from a book, instead of getting hands-on insight and training from a state-of-the-art soil laboratory made possible by donors like you.

What matters to our students is what matters to you. They benefit from your passion and commitment to the arts, sciences, outdoor recreation—whatever was important to you while you were carving your course at the University of Maine.

When you give to the Foundation, you're not only supporting a future, you're directing scholarships and funds to students who are following in your footsteps. You're opening doors for them, and giving them the tools and confidence to succeed.

Creating a scholarship or tailoring funds to your areas of interest is simple. Many donors who know they want to continue giving into the future make deferred gifts through a charitable trust, gift annuity, pooled life income fund, or bequest. The Foundation can work with you to find the best way for you to leave a lasting legacy at the University of Maine. When you're a donor, you're also a mentor, and that's an invaluable influence on our school community.

*Thank you for your support.*

“Sonny and I established the Sanford and Joanne Miller Onward Program Scholarship to support students in need, especially those who were seeking a new start for themselves.

My late husband, Sonny, was a quiet philanthropist who believed strongly that education was the key. He dedicated his life to helping others succeed.”

Pamela Shimmel is a recipient of the Miller's scholarship. A non-traditional student, Pamela lives in Old Town.

She is a mother and grandmother who returned to school after 25 years and is majoring in nursing.

“Our family’s love of hockey and the desire to assist a hockey player with an education led us to establish the Telford M. Allen Family Scholarship Fund.”

*Karen and Telford Allen,

Matt Mangene played on the UMaine hockey team until this past spring when he signed an entry-level contract with the NHL’s Philadelphia Flyers. Matt was a perfect fit for the Allen’s scholarship that was established to help those feisty, scrappy, competitive student-athletes who might spend time in the penalty box.

“Living up to the legend  
of the Class of 1944 has  
inspired us to leave a legacy.  
It is a goal that  
future generations  
can strive  
to achieve.”

# Letter *from the* Chair *of the* Foundation Board *of* Directors

The theme for this year's annual report is about shaping the future—your legacy and lasting opportunities. When you give to the Foundation, you're not only supporting a future, you're directing scholarships and funds to students who are following in your footsteps. You're opening doors for them, and giving them the tools and confidence to succeed.

This is a time of endings and new beginnings for the Foundation. As Amos Orcutt steps down as president/CEO, the Foundation has never been in better shape. We have a strong committed board of directors; a clear vision for the future with President Paul Ferguson; a capable energetic staff; a beautiful office in Buchanan Alumni House and a new office in Falmouth. Under Amos Orcutt's leadership, the Foundation has built an excellent reputation and a solid financial position with assets nearing \$180 million.

Through a national search, the search committee, chaired by Darryl Brown, found the perfect successor among many highly qualified candidates. Dr. Jeffery N. Mills has extensive experience as a nonprofit fundraising and alumni relations leader in higher education. For the past seven years he served as vice president of University Advancement at Monmouth University, West Long Branch, NJ. Under Mills' tenure, Monmouth University received a National Case Award for Improvement in Fundraising. He returns to familiar territory at the University of Maine where he previously served in the positions of vice president for University Advancement and president/CEO of the Alumni Association. In both of these positions he worked closely with the Foundation where he is known to staff and many alumni and friends who so generously support the University. Jeff is truly the right person to lead the Foundation and take it to the next level.

The quality of a university depends on a consistent source of revenue, year after year. That is precisely the value of a strong endowment. The Foundation brought in a total of nearly \$12.4 million in FY 12, including a \$7.9 million bequest; the third largest single gift in the University of Maine's history.

The Foundation holds 1,359 endowed funds. The University of Maine Foundation is honored to be a steward for endowed gifts that shape the future of the University and its students.

For all that you have done, we thank you.

Ellen K. Stinson '68  
*Chair of the Board*

“To keep opening doors for our students, we need your continuing support. Students represent the promise of the future. Through your support, you are shaping the future and leaving a legacy.”

# Ways of Giving

Your gift to the University of Maine Foundation is the gift of a lifetime and an investment in the future.

Since 1934, the University of Maine Foundation's role in supporting the University of Maine has been perpetuated by many alumni and friends who, through their generosity, share a common interest in strengthening the teaching, research and service mission of Maine's land-grant university.

The University of Maine Foundation specializes in planned gifts that include bequests, trusts and other life income plans. Planned giving is a unique philanthropic tool that allows you to support the University of Maine's continued excellence while also fulfilling your own financial objectives. Planned gifts often have attractive tax benefits associated with them and can allow you to leave a legacy without diminishing assets during your lifetime.

A variety of assets can be used to establish a planned gift. From cash to real estate to tangible personal property, the Foundation staff is ready to assist you and your advisors to find the best fit for your personal circumstances.

Perhaps the most common form of a planned gift is through a bequest. If you wish to leave the University of Maine Foundation a bequest in your will or trust for a scholarship or some other purpose, you can amend your will or trust to reflect your wishes.

The following represents sample language for doing so.

*"I give and bequeath to the University of Maine Foundation for the benefit of the University of Maine (possible choices below):*

- *the sum of \$\_\_\_\_\_; or*
- *\_\_\_\_\_ percent of my estate; or*
- *the property described herein*
- *to establish (or benefit if already existing) the \_\_\_\_\_ Fund. The principal of said Fund is to be endowed and only the income earned on the principal shall be used to provide financial assistance."*

For those individuals that have additional charitable interests outside the University of Maine, the Foundation can help you establish a donor-advised fund. This is a cost-effective alternative to a private family foundation and allows you to consolidate and manage all of your charitable giving.

**AREAS of SUPPORT**

# Spending Policy

Every Foundation has a unique mission, culture and circumstance. Therefore, many elements contribute to our spending policy decision, especially our investment policy, asset allocation and inflation. Decisions about spending policies can have long lasting ramifications. It is important that our assets' growth be available for the future generations of our intended beneficiaries.

The Foundation's objective in managing its endowed funds is to generate an income stream for distribution to the University and provide for adequate growth in the endowments. To facilitate the achievement of these goals, the Foundation operates the General Endowment Fund on a total return basis, which focuses on the overall return of the investment portfolio including both investment income (interest and dividends) and capital appreciation (realized and unrealized). Under the total return method, an endowment spending rate of the invested assets is established versus only spending from interest and dividend income.

The Foundation's spending rate, as established by its Board of Directors, is 5.25% of the five-year average fair-market value of the investment pool. To provide for the accumulation of earnings, only endowment funds that have been in the General Endowment at least one year will be eligible for spending.

In addition to endowment spending, the University of Maine Foundation funds its operations by charging annually an administrative fee that is 1.25% of the endowment fund. The fee is reviewed annually by the Board of Directors.

“The Stanhope scholarship helped me fulfill a dream I had had since the beginning of college—to study art at a tiny school in Greece called the Aegean Center for the Fine Arts. The financial and emotional support received from the University became absolutely crucial when my mother was diagnosed with breast cancer the summer before I was to leave. Without scholarships like this one, I literally would not have been able to go.”

“For us to leave a class gift had a lot of meaning; in fact, everything we did as a Class Council carried weight because we helped to bring this organization back to UMaine... It's important to feel like you are part of something much larger than yourself.”

“Leaving a legacy is important because it is inspirational. It is a benchmark that future generations can strive to achieve. If enough people, enough classes, enough interest groups leave their legacy, it becomes expected when you graduate as a Black Bear and not an anomaly.”
